Course Syllabus

Department: Social Science

Date: December, 2012

I. Course Prefix and Number: CJC 212

Course Name: Introduction to Criminalistics

Credit Hours and Contact Hours: 3 credit hours and 3 contact hours

Catalog Description including pre- and co-requisites: supporting data required for grade prerequisite of ‘C’ or higher. Criminalistics examines the application of the physical and biological sciences to the investigation of possible crime and criminal activity. Modern technology will be examined as it applies to crime scene management, the fingerprint science, photography and trace evidence. Emphasis is placed on the relationship between science and law enforcement, with consideration to the legal implication involved in crime scene investigation. Ethical issues surrounding criminalistics will also be addressed and explored in this course.

Relationship to Academic Programs and Curriculum including SUNY Gen Ed designation if applicable:

Serve as an elective in the program or as a general elective in other programs.

II. Course Student Learning Outcomes: State the student learning outcome(s) for the course (e.g. Student will be able to identify…)

Define specific vocabulary related to criminalistics

Identify the complexities of a crime scene examination

List the eight fingerprint patterns

College Learning Outcomes Addressed by the Course: (check each College Learning Outcome addressed by the Student Learning Outcomes)

☐ writing  ☐ computer literacy
☐ oral communications  ☐ ethics/values
☒ reading  ☐ citizenship
☐ mathematics  ☐ global concerns
☒ critical thinking  ☐ information resources
III. Assessment Measures (Summarize how the college and student learning outcomes will be assessed): For each identified outcome checked, please provide the specific assessment measure.
